List below any squares worked which are not in the above grid:

- (i) Description of equipment used (transceivers, transverters)

Transmitter p.e.p. output power:

If the transmitter is capable of more than 5W p.e.p. output,
State method used to **reduce** output power:

State method used to **measure** output power:

- (j) Antenna used:

Approximate height a.s.l.: m

- (k) If you received or sent a report of poor-quality signals (e.g. wide / splattering), full details of the complaint including time, callsign, nature of complaint and actions taken **during** the contest to investigate and resolve (**see Rule 8**).

Declaration

I confirm that the 144MHz QRP station was operated within the rules and spirit of the event, and that the above information is correct.

By submitting your entry, you give PW, its nominated adjudicator and publisher explicit consent on behalf of yourself and your group to:

- Store and adjudicate your entry using electronic and manual techniques,
- To include information, comments and photos you supply in articles that are published, re-published and distributed in Practical Wireless and on the PW Contest web site. Full postal addresses, e-mail addresses and telephone numbers will not be published,
- Contact you in connection with the contest for a period not exceeding 15 months.

Once the results are sent for printing or otherwise published, it is not be possible to withdraw consent, as the results will be in the public domain. Until then you may withdraw your entry by sending an email or writing to the adjudicator pwcontest@warnersgroup.co.uk from the email or postal address that you used to submit your entry.

Warners Group Privacy Policy <https://www.radioenthusiast.co.uk/privacy-policy/>

Signed Date

This form must be sent with the log sheets directly to the contest adjudicator at the address given in the contest Rules, published in the June 2025 issue of *Practical Wireless*. Entries must be received or sent by e-mail no later than **1ST July 2025**.

Contact phone number (optional) and/or e-mail address (optional) – these will not be published:

Additional comments about the station, the contest, conditions during it, etc. are welcome, together with photos of the station and operators which may be used for publication.
